THIS TECHNICAL RIDER IS AN INTEGRAL PART OF THE CONTRACT. ADJUSTMENTS CAN BE MADE IF REQUIRED DUE TO SPECIFIC FEATURES OF THE VENUE, BUT ONLY IN NEGOTIATION WITH THE COMPANY.

General Information:

- Performance Duration: 50 minutes
- Intermission: None
- Performers: 2
- Company Technicians: 1
- Venue Technicians: 1x Lighting, 1x Sound
- Venue Technicians during performance: 1
- Recommended Audience Age: 6+
- Touring Party: 2 artists, 1 technician

Performing Space

The performance is designed for a theater environment. The play is best experienced in a venue with a flat-floor setup. (vlakke vloer)

Timing

Company technician Arrival: 6 hours before the performance (or the day before)

Artists' Arrival: 3 hours before the performance

Venue Technicians

We require 2 technicians from the venue to:

Install and set up lighting

Set up the sound system

Minimum Stage Dimensions

Stage Surface: Minimum 10m wide, 8m deep, 5m high

Lightingcontrol

The company does not have a lighting table. We kindly ask the venue to provide one, preferably a **ChamSys**.

Soundsystem

The venue must provide a suitable sound system, as outlined in the technical plan.

We control the music through QLab using a laptop provided by the company.

Please provide a mini-jack connection for the laptop.

Props

The company will provide all necessary props.

Catering

Bottles of still drinking water

3 warm meals (no special dietary requirements; vegetarians/vegans not included)

Dressing Room

Dressing rooms with shower and towels

Curtains

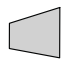

Please install the curtains according to the technical plan. If this is not possible, kindly inform us in advance. And please provide cloth **clamps** so that they do not blow open due to wind
